IG Underage Reports

Underage Workflow

Intro to IG Underage Reports

Thought Process

- When an IG account has been reported for underage, there are different profile elements to extract information from
- On SRT you will focus on **Profile bio** and **Profile photos**

Intro to IG Underage Reports

Thought Process

- **Bio:** may contain contextual information or a self-admission about the user's true age such as a date of birth or a grade/class year in school
- **Profile Photos:** PIPs displaying the **same underage** individual in large proportion may hint at the true account owner's underage status

Intro to IG Underage Reports

Your Contribution

By assessing these reports correctly, **you play a crucial role** in helping Meta comply with legislation to protect underage children.
