JEFFREY HUANG - 30(B)(6)
SEPTEMBER 10, 2025

JOB NO. 1984545

11:33:43 1 Q. I noticed as well, Exhibit 2, you said this was
11:33:50 2 deprecated in January 2025, but your second to last bullet
11:33:55 3 point or sub-bullet point here on the top of page, what is
11:34:02 4 this, on the top of page 5, states, Camera effects still
11:34:12 5 exist but are Meta only now since Spark was deprecated.

11:34:15 6 Were you referring to the January -- as January
11:34:18 7 2025 to the deprecation of Spark, or has things changed
11:34:23 8 since this conversation with Shawn Simon?

11:34:25 9 A. Yeah, so the specific thing that was deprecated
11:34:31 10 was the Spark AR third-party ecosystem. So developers
11:34:36 11 outside of Meta could create camera effects that would get
11:34:44 12 reviewed and then could end up in the product, and that
11:34:47 13 was deprecated in January 2025. In the product today you
11:34:52 14 still can apply Meta-owned camera effects to photos and
11:35:00 15 videos.

11:35:01 16 Q. Are you aware what metric experiments' analysis
11:35:14 17 was done on the Spark camera effects?

11:35:22 18 MR. CHAPUT: Objection. Form. Foundation. Scope.

11:35:24 19 THE WITNESS: I don't know exactly.

11:35:26 20 Q. (By MS. PEREZ) Do you know what the metric goals
11:35:30 21 were for the Spark camera effects?

11:35:32 22 MR. CHAPUT: Objection. Form. Foundation. Scope.

11:35:36 23 THE WITNESS: I don't know.

11:35:37 24 Q. (By MS. PEREZ) Do you know, if there were any
11:35:44 25 particular metrics that were --
