Is it because the flight reservation cannot be changed for the cheapest plane ticket?

Redacted - Attorney Client

1. The problem occurred in 2021 with a suicide in Italy due to underage, when TT faced the risk of being banned. During our communication with EU regulators, we proposed developing a model specifically for detecting under 13 (referred to as Model 1). And we told the regulators that we didn't have any u13 models online.
2. After we promised this new u13 model to the regulators, we discovered in the second half of 2021 that TNS had launched a model for detecting U13 (referred to as Model 2) at the end of 2020.

Redacted – Attorney Client

I have some concerns here. 1) EU regulators require us to delete a large volume of u13, which may result in 5%-10% of DAU churn; 2) Once this information is made public, regulators in other countries will follow suit, which will have a relatively large impact on DAUs in Europe and the United States.

May 20, 2022, 19:00:20

This is the background of u13. You'd better chat with them privately. Don't send it directly. Otherwise, they may be held criminally liable. @Wenjia Zhu

You have sent it, and I will withdraw it. We are not protected when we talk without a lawyer present.

Wenjia Zhu May 20, 2022, 19:27:57

Received, thank you~
