hey Jamie, I just shared my P&C livestream investigation doc with you. We did this in Jan/Feb and everything this Forbes article is addressing are things we already knew - at least on my team (& that are absolutely true). It was elevated to Vanessa the first week of March and then to Shou, Wenjia, & Adam a couple weeks after that. Let me know if there's anything else I can help with on this front - I've been on a crusade to fix this problem for months now and honestly I'm frustrated to not have succeeded before this article. We have a codebook project in the works to identify this type of livestream in order to inform a potential policy decision on it.

put simply - senior leaders know about this issue, there are some ongoing projects to fix parts of it, and frankly, I'm hopeful this article puts a fire behind other potential solutions I've been advocating for (like not allowing hosts whose livestreams are closed to cash out the gifts received during the livestream - you'll recall me saying that during the Ukraine scam problem)

Jamie Favazza 2022-04-21 14:09:36

Thank you so much! The only silver lining in press like this is that they do tend to spark a fire, so hopefully we can get things fixed sooner. AND yes I do remember that... sighhh. Thank you again for your comments in the doc as well. Can I ask what types of things i should loop you into going forward since sometimes I'm not quite sure who to go to?

Reagan Maher 2022-04-21 14:28:09

anything product/feature related. For example, stories on the new effects feature, new audio trends, the way content is shared across markets

Reagan Maher 2022-04-21 16:53:43

also - this doc has much of the same info in a different format with suggested solutions/status of projects

when accounts are removed for having access to features they should not, do we give them a way to appeal?

Jamie Favazza 2022-04-21 17:15:42

ie should we use delete the account or ban the account?

Reagan Maher 2022-04-21 17:16:56

I'm not sure we are deleting or banning any accounts that we learn have features they should not.

Jamie Favazza 2022-04-21 17:17:50

i thought that's what was said in the doc? let me reopen the comment

Reagan Maher 2022-04-21 17:18:08

I think I remember asking a question on that one

?

Reagan Maher 2022-04-21 20:21:31

:) I messaged you about thinking DMs were for 18+ but I confirmed with my own documentation they are indeed 16+

 Jamie Favazza

Reagan Maher 2022-04-21 20:22:07

fwiw, we are doing some data investigations on livestream eligibility criteria

Reagan Maher 2022-04-21 20:22:13

exploring whether it should be changed

our content advisory council has strongly encouraged we raise the barriers

Reagan Maher 2022-04-21 20:23:13

I'm aware, that's why we're doing the data analysis - to support Casey's team in determining this

 Jamie Favazza

Jamie Favazza 2022-04-21 20:25:12

amazing

Reagan Maher 2022-04-21 22:47:02

by the way , Jamie - is there a lark group around this piece?

Jamie Favazza 2022-04-21 22:47:34

not on this one specifically, no. have been working 1:1 with folks.

Jamie Favazza 2022-04-21 22:47:38

oh

Jamie Favazza 2022-04-21 22:47:55

well i guess we have our US child safety PR one i flagged in (but it's not unique to this issue). should i add you there?

Reagan Maher 2022-04-21 22:48:30

sure, if you don't mind.

I'm not sure that's the right avenue but I'd like to ensure people are aware we could have avoided a lot of this

something I need to think about [无辜笑]

Reagan Maher 2022-09-08 19:36:58

Jamie Favazza 2022-09-08 23:48:08
