

EXHIBIT 2

What happens when you report a post or profile on Instagram

When you [report a piece of content \(example: post, comment, story\)](#) to us, we will take action to hide or remove that content from Instagram if we find that it goes against our [Community Guidelines](#). Our Community Guidelines define what is and isn't allowed on Instagram, and they apply all over the world. They're designed to encourage expression and create a safe environment on Instagram.

Even if we don't remove the content or profile you reported, we understand that you likely want to see less of this type of content on Instagram. We may [use your report to make content similar to what you reported appear lower in your feed](#) or in the recommendations we make for you, like Suggested Posts and Explore.

Learn more about how to [check the status of your report](#) and what you can do if you [don't agree with Instagram's decision](#) about content you reported.
