>Saw your email to Mark re cosmetic AR effects. It is indeed a mistake. I had provided all the arguments against to Sheryl who had pressed the case hard with Mark. As you say, we are where we are - but I wouldn't be surprised if we end up revisiting this again. Hope you and yours are well .

>Thank you so much for your note. I wouldn't be able to sleep well if I didn't say something. I know this issue seems like small potatoes with the larger crises we face, but in the long run it will be a weighty one. Thanks for your support! And I hope you snd your family are doing ok too. This lock down is esp hard on young adults.
